

MUM TO BE

HYDRO MASSAGE

This massage is perfect for mum's to be as the water mat heats and support the back leaving mum fully relaxed during the massage. The therapist is able to massage the mum including the back and back of legs while she lays comfortably on her back for the full treatment. The bed is slightly tilted to make sure mum and baby are safely supported. This means mum can relax without having to sit in a chair or lay over a pregnancy pillow to have a back and shoulder or full body massage.

£35 - 25 MINUTE TREATMENT

£55 - 55 MINUTE TREATMENT
